How to Vote if You Are a Stockholder of Record

Your vote is important. Stockholders of record can vote via the Internet, by telephone, by mail, or in person by attending the Annual Meeting and voting by ballot as described below.

Vote via Internet

If you choose to vote via Internet, simply visit www.proxyvote.com and follow the steps outlined on the secure website.

Vote by Mail

If you choose to receive printed copies of the proxy materials, you may vote by simply marking your proxy card, dating and signing it, and returning it in the postage-paid envelope provided or return it to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY, 11717.

Vote by Telephone

If you choose to vote via telephone, call toll free 1-800-690-6903 using a touch-tone telephone and follow the instructions provided on the recorded message. If you hold shares beneficially, through a broker, brokerage firm, bank or other nominee, please refer to the instructions provided to you by such broker, brokerage firm, bank or other nominee regarding voting by telephone.

Voting at the Annual Meeting

Voting via the Internet, by telephone or by mail will not limit your right to vote at the Annual Meeting if you decide to attend and vote in person. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a legal proxy, executed in your favor, from the holder of record to be able to vote at the Annual Meeting. You should contact your bank or brokerage account representative to obtain a legal proxy.

If you vote via the Internet or by telephone, your vote must be received by 11:59 p.m., Eastern Time, on June 3, 2013.

All shares of common stock that have been properly voted or for which proxy cards have been properly executed and returned, and not revoked, will be voted at the Annual Meeting.

General Information on Voting and Required Vote

The presence of the holders of a majority of the voting power of the outstanding shares of common stock as of the record date entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum.

You are entitled to cast one vote for each share of our Class A common stock you own and 10 votes for each share of our Class B common stock you own on the record date. Provided that a quorum is present, (1) nominees for election as director will be elected by a plurality of the voting power of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote at the Annual Meeting, and (2) the ratification of the appointment of KPMG LLP as the Company's registered public accounting firm, (3) the approval, on an advisory basis, of the compensation of our named executive officers, and (4) the approval, on an advisory basis, of holding future stockholder advisory votes on the compensation of our named executive officers on an annual basis, will each require the affirmative vote of a majority of the voting power of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote at the Annual Meeting.

For each of the proposals, you may vote "FOR," "AGAINST" or "ABSTAIN." A vote of "ABSTAIN" with respect to any matter will not be voted with respect to that matter but will be counted for purposes of determining whether there is a quorum present at the Annual Meeting. Accordingly, abstentions will have no effect on the election of the nominees for director, but will have the effect of a vote "AGAINST" the ratification of the appointment of our independent registered public accounting firm, the approval, on an advisory basis, of the compensation to be paid to our named executive officers, and the approval, on an advisory basis, of holding future stockholder advisory votes on the compensation of our named executive officers on an annual basis.

All shares of common stock for which proxies have been properly executed and delivered, and not revoked, will be voted at the Annual Meeting in accordance with your instructions. If you sign, date and return your proxy card but do not give voting instructions, the shares of common stock represented by that proxy will be voted in accordance with the Board's recommendations as follows:

1. FOR each of the nominees for election as director.
2. FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2013.
3. FOR the approval, on an advisory basis, of the compensation of our named executive officers.
4. FOR the approval, on an advisory basis, of holding future stockholder advisory votes on the compensation of our named executive officers on an annual basis.

Shares represented by a proxy as to which there is a "broker non-vote" (for example, where a broker does not have the discretionary authority to vote the shares), will be counted for purposes of determining whether there is a quorum present at the Annual Meeting. We believe that brokers have the authority to vote their customers' shares on the ratification of the appointment of our independent registered public accounting firm, even if their customers do not instruct their nominees how to vote on these matters, and that brokers have no authority to vote their customers' shares with respect to any other proposal unless instructed how to vote. If we receive a proxy card with a broker non-vote, those shares will be voted FOR the ratification of the appointment of our independent registered public accounting firm but will NOT be included as a vote with respect to the election of directors, the proposal to approve, on an advisory basis, the compensation of our named executive officers, and the proposal to approve, on an advisory basis, the holding of future stockholder advisory votes on the compensation of our named executive officers on an annual basis.

Voting on Other Matters

If other matters are properly presented at the Annual Meeting for consideration, the persons named on the proxy card will have the discretion to vote on those matters for you. At the date we began printing this Proxy Statement, no other matters had been raised for consideration at the Annual Meeting.

How You May Revoke or Change Your Vote

You can revoke your proxy at any time before it is voted at the Annual Meeting by:

- sending written notice of revocation to the Secretary of the Company;
- timely delivering a valid, later-dated proxy; or
- attending the Annual Meeting and voting in person. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a legal proxy, executed in your favor from the holder of record, to be able to vote at the Annual Meeting.

List of Stockholders

The names of stockholders of record entitled to vote at the Annual Meeting will be available at the Annual Meeting and for ten days prior to the Annual Meeting for any purpose germane to the Annual Meeting, between the hours of 9:30 a.m. and 4:30 p.m., at our principal executive offices at Valley Forge Business Center, 2560 General Armistead Avenue, Audubon, Pennsylvania 19403, by contacting Anthony L. Williams, the Secretary of the Company.

Cost of Proxy Solicitation

We will bear all expenses of this solicitation, including the cost of preparing and mailing this Proxy Statement. Pursuant to SEC rules, we are making this Proxy Statement and our Annual Report on Form 10-K available to our stockholders electronically via the Internet. In addition to soliciting proxies by Internet and mail, proxies may be solicited by telephone, facsimile or personally by our directors, officers and employees. None of these directors, officers or employees will receive any additional or special compensation for this solicitation. We will, on request, reimburse banks, brokerage firms and other nominees for their expenses in sending proxy materials to their customers who are beneficial owners of our common stock and obtaining their voting instructions.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Stockholders to Be Held on June 4, 2013: This Proxy Statement, the proxy card and the Annual Report on Form 10-K for the fiscal year ended December 31, 2012 are available at www.proxyvote.com.

PROPOSAL 1

ELECTION OF DIRECTORS

Our Board of Directors currently consists of seven members divided into three classes, as nearly equal in number as possible, with each director serving a three-year term and one class being elected at each year's annual meeting of stockholders. At each annual meeting of stockholders, successors to the class of directors whose term expires at such meeting will be elected for a term of three years. Each director will serve until a successor is duly elected and qualified, or until the director's earlier death, resignation or removal. There is no limit to the number of terms a director may serve.

Three of our directors are nominated for election this year. Each director to be elected and qualified will hold office until the 2016 annual meeting of stockholders and will serve until his or her successor is duly elected and qualified, or until the director's earlier death, resignation or removal. Each of the nominees listed below is currently a director. Each person nominated for election has agreed to serve if elected, and we have no reason to believe that any nominee will be unable to serve. If any nominee becomes unavailable or unable to serve as director before the Annual Meeting, the shares of common stock represented by executed proxies will be voted for the election of a substitute nominee proposed by our Board of Directors or, in the alternative, the Board of Directors may elect to reduce its size.

Our Board of Directors believes that each of our current directors, including those nominated for election this year, is highly qualified to serve as a member of our Board of Directors and each has contributed to the mix of skills, core competencies and qualifications of the Board of Directors. Our directors are highly experienced and have diverse backgrounds and skills, as well as extensive track records of success in what we believe are relevant positions. A number of our directors also have served as directors of Globus for many years, and we benefit from their knowledge of our history, operations and corporate philosophy.

Information Concerning the Board of Directors and Corporate Governance

Board Composition

Our business and affairs are managed under the direction of our Board of Directors. Our bylaws provide that our Board of Directors must consist of between five and 11 directors, and such number of directors within this range may be determined from time to time by resolution of our Board of Directors or our stockholders. Our current Board of Directors is comprised of seven members and is divided into three classes. Upon the expiration of the initial term of office for each class of directors, each director in such class will be elected for a term of three years and serve until a successor is duly elected and qualified or until his or her earlier death, resignation or removal. Any additional directorships resulting from an increase in the number of directors or a vacancy may be filled by the directors then in office or by a vote of our stockholders at a duly convened meeting.

There are no family relationships between any directors, director nominees, and executive officers.

For information regarding the members of our Board of Directors, please see the discussion of their respective experiences, qualifications, attributes and skills under "Proposal 1-Election of Directors" above.

Board Meetings

Our Board of Directors holds regular meetings, and holds special meetings as and when necessary. Our full Board of Directors held five regular and five special meetings during 2012. Each director participated in at least 75% of the meetings of the Board of Directors, and each director other than Mr. Liptak, who attended five of seven meetings of the Audit Committee, participated in at least 75% of the meetings of each committee on which he or she served during 2012.

Our Board of Directors encourages but does not require independent directors to attend the annual meeting of stockholders. We did not hold an annual meeting of stockholders in 2012.

Director Independence

Our Board of Directors has affirmatively determined that Messrs. Wheeler, Liptak and Lemaitre and Ms. Rhoads meet the definition of “independent director” under New York Stock Exchange listing standards.

We are a “controlled company” as set forth in New York Stock Exchange Rule 303A.00 because more than 50% of the voting power of our common stock is held by David C. Paul. Under New York Stock Exchange rules, a “controlled company” may elect not to comply with certain New York Stock Exchange corporate governance requirements, including the requirement that a majority of the Board of Directors consist of independent directors and the requirement that director nominations and executive compensation must be approved by a majority of independent directors or a Nominating and Corporate Governance Committee or Compensation Committee comprised solely of independent directors. We rely, and intend to continue to rely, on certain of these exemptions from the corporate governance requirements. In particular, though we have determined that a majority of our directors and all of the members of our Audit Committee are independent, our Compensation Committee and our Nominating and Corporate Governance Committee do not consist entirely of independent directors. Accordingly, you may not have the same protections afforded to stockholders of companies that are subject to all of the New York Stock Exchange corporate governance requirements.

Board Leadership Structure

David C. Paul, our founder and Chief Executive Officer (“CEO”), is the Chairman of our Board of Directors. We believe that combining the CEO and Chairman of the Board positions helps ensure that our Board of Directors and management act with a common purpose. We believe that combining the positions provides a single, clear chain of command to execute our strategic initiatives and business plans and reduces the risk of divided leadership, which could interfere with good decision-making or weaken our ability to develop and implement strategy. In addition, we believe that a combined CEO and Chairman of the Board is better positioned to act as a bridge between management and our Board of Directors, maintaining the regular flow of information. We also believe that it is important to have a Chairman of the Board with an extensive history with and knowledge of the company (as is the case with our CEO) as compared to a relatively less informed independent chairman. We do not have a lead independent director.

Role of the Board in Risk Oversight

Risk is inherent with every business, and how well a business manages risk can ultimately determine its success. Management is responsible for the day-to-day management of the risks that we face, while our Board of Directors, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, our Board of Directors is responsible for satisfying itself that the risk management processes designed and implemented by management are adequate and functioning as designed.

Our Board of Directors does not have a standing risk management committee, but rather administers this oversight function directly through our Board of Directors as a whole, as well as through various standing committees of the Board of Directors that address risks inherent in their respective areas of oversight. In particular, our Board of Directors is responsible for monitoring and assessing strategic risk exposure, including a determination of the nature and level of risk appropriate for us. Our Audit Committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. The Audit Committee also monitors oversight of the performance of our internal audit function. Our Nominating and Corporate Governance Committee monitors the effectiveness of our corporate governance guidelines, including whether they are successful in preventing illegal or improper liability-creating conduct. Our Compensation Committee assesses and monitors whether any of our compensation policies and programs have the potential to encourage excessive risk-taking.

Committees of the Board of Directors

Our Board of Directors has three permanent committees: the Audit Committee, the Compensation Committee, and the Nominating and Corporate Governance Committee. The written charters for these committees are on our website at www.globusmedical.com under “Investors.” Our Board of Directors may from time to time establish other standing committees. In addition, from time to time, special committees may be established under the direction of our Board of Directors when necessary to address specific issues.

Audit Committee

We have an Audit Committee consisting of Ann D. Rhoads, Daniel T. Lemaitre and Robert W. Liptak. The Audit Committee is responsible for, among other things:

- appointing, terminating, compensating and overseeing the work of any accounting firm engaged to prepare or issue an audit report or other audit, review or attest services;

- reviewing and approving, in advance, all audit and non-audit services to be performed by the independent auditor, taking into consideration whether the independent auditor's provision of non-audit services to us is compatible with maintaining the independent auditor's independence;
- reviewing and discussing the adequacy and effectiveness of our accounting and financial reporting processes and controls and the audits of our financial statements;

Our Board of Directors has affirmatively determined that each member of our Audit Committee, Messrs. Liptak and Lemaitre and Ms. Rhoads, meets the definition of an “independent director” for purposes of serving on an Audit Committee under New York Stock Exchange Rule 303A.07, and that each of Messrs. Liptak and Lemaitre and Ms. Rhoads is an “audit committee financial expert.”

In 2012, our Audit Committee held seven meetings.

Compensation Committee

We have a Compensation Committee consisting of Daniel T. Lemaitre, Robert W. Liptak and Kurt C. Wheeler, each of whom has been determined to be an independent director, and David C. Paul, our CEO. The Compensation Committee is responsible for, among other things:

- such other matters that are specifically delegated to the Compensation Committee by our Board of Directors from time to time.

Messrs. Lemaitre, Liptak and Wheeler also serve on our Equity Compensation Committee, a subcommittee of our Compensation Committee established to administer our equity-based compensation plans.

In 2012, our Compensation Committee held one meeting.

Nominating and Corporate Governance Committee

We have a Nominating and Corporate Governance Committee consisting of Ann D. Rhoads, who has been determined to be an independent director, David C. Paul, our CEO, and David M. Demski, our President and COO. The Nominating and Corporate Governance Committee is responsible for, among other things:

- identifying and screening candidates for our Board of Directors, and recommending nominees for election as directors;

- reviewing and assessing the adequacy of the formal written charter on an annual basis; and
- generally advising our Board of Directors on corporate governance and related matters.

Our Nominating and Corporate Governance Committee was established in 2012 and did not meet. During 2012, the Board of Directors took responsibility for those matters within the purview of the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee will give appropriate consideration to qualified persons recommended by stockholders for nomination as directors and will evaluate such qualified persons in the same manner as other identified candidates, when submitted in a timely manner and in compliance with the advance notice procedures in our bylaws as set forth in the "Stockholders Proposals" section of this Proxy Statement.

Compensation Committee Interlocks and Insider Participation

None of our executive officers serves as a member of the board of directors or compensation committee (or other committee performing equivalent functions) of any entity that has one or more executive officers serving on our Board of Directors or Compensation Committee. No interlocking relationship exists between any member of the Board of Directors and any member of the compensation committee (or other committee performing equivalent functions) of any other company.

Mr. Paul, our CEO, has served on our Compensation Committee since 2007.

We have entered into an indemnification agreement with each of our directors, including Messrs. Paul, Wheeler and Liptak, who comprise our Compensation Committee and our Equity Compensation Committee. See "Indemnification Agreements with our Directors and Officers" below.

Indemnification Agreements with our Directors and Officers

Our amended and restated certificate of incorporation and bylaws provide that we shall indemnify our directors and officers to the fullest extent permitted by law. In addition, as permitted by the laws of the State of Delaware, we have entered into indemnification agreements with each of our directors and certain of our officers. Under the terms of our indemnification agreements, we are required to indemnify each of our directors and officers, to the fullest extent permitted by the laws of the State of Delaware, if the indemnitee acted in good faith and in a manner the indemnitee reasonably believed to be in or not opposed to the best interests of the Company, and with respect to any criminal proceeding, had no reasonable cause to believe the indemnitee's conduct was unlawful. We must indemnify our officers and directors against any and all (a) costs and expenses (including attorneys' and experts' fees, expenses and charges) actually and reasonably paid or incurred in connection with investigating, defending, being a witness in or participating in, or preparing to investigate, defend, be a witness in or participate in, and (b) judgments, fines, penalties and amounts paid in settlement in connection with, in the case of either (a) or (b), any threatened, pending or completed action, suit, arbitration, alternate dispute resolution mechanism, investigation, inquiry, administrative hearing or any other actual, threatened or completed proceeding, by reason of the fact that (x) such person is or was a director or officer, employee, agent or fiduciary of the Company or (y) such person is or was serving at our request as a director,

officer, employee or agent or fiduciary of another corporation, partnership, joint venture, trust, employee benefit plan or other enterprise. The indemnification agreements also require us, if so requested, to advance within 30 days of such request any and all costs and expenses that such director or officer incurred, provided that such person will return any such advance if it shall ultimately be determined that such person is not entitled to be indemnified for such costs and expenses. Our bylaws also require that such person return any such advance if it is ultimately determined that such person is not entitled to indemnification by us as authorized by the laws of the State of Delaware.

We are not required to provide indemnification under our indemnification agreements for certain matters, including:

1. indemnification in connection with certain proceedings or claims initiated or brought voluntarily by the director or officer;
2. indemnification related to disgorgement of profits made from the purchase or sale of securities of our company under Section 16(b) of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), or similar provisions of state statutory or common law;
3. indemnification that is finally determined, under the procedures and subject to the presumptions set forth in the indemnification agreements, to be unlawful; or
4. indemnification for liabilities for which the director or officer has received payment under any insurance policy as may exist for such person's benefit, our articles of incorporation or bylaws or any other contract or otherwise, except with respect to any excess amount beyond the amount so received by such director or officer. The indemnification agreements require us, to the extent that we maintain an insurance policy or policies providing liability insurance for directors, officers, employees, agents or fiduciaries of our company or of any other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise that such person serves at the request of our company, to cover such person by such policy or policies to the maximum extent available.

Code of Conduct

We have adopted a code of ethics relating to the conduct of our business by all of our employees, officers and directors, as well as a code of ethics specifically for our principal executive officer and senior financial officers, both of which are posted on our website at www.globusmedical.com under “Investors.”

Audit Committee Report

The Audit Committee has reviewed and discussed the Company's audited consolidated financial statements as of and for the year ended December 31, 2012 with our management and KPMG LLP, our independent registered public accounting firm. Further, the Audit Committee has discussed with KPMG LLP the matters required to be discussed under auditing standards generally accepted in the United States, including those matters set forth in the Statement of Auditing Standards No. 61, Communications with Audit Committees, as amended and as adopted by the Public Company Accounting Oversight Board (the "PCAOB") in Rule 3200T, other standards of the PCAOB, rules of the SEC, and other applicable regulations, relating to the firm's judgment about the quality, not just the acceptability, of the Company's accounting principles, the reasonableness of significant judgments and estimates, and the clarity of disclosures in the consolidated financial statements.

The Audit Committee also has received the written disclosures and the letter from KPMG LLP required by PCAOB Ethics and Independence Rule 3526, Communication with Audit Committees Concerning Independence, which relate to KPMG LLP's independence from our company, and has discussed with KPMG LLP its independence from our company. The Audit Committee has also considered whether the independent registered public accounting firm's provision of non-audit services to us is compatible with maintaining the firm's independence. The Audit Committee has concluded that the independent registered public accounting firm is independent from our company and our management. The Audit Committee has also discussed with our management and KPMG LLP such other matters and received such assurances from them as it has deemed appropriate.

The Audit Committee also reviewed management's report on its assessment of the effectiveness of our internal control over financial reporting. In addition, the Audit Committee reviewed key initiatives and programs aimed at strengthening the effectiveness of our internal and disclosure control structure. As part of this process, the Audit Committee continued to monitor the scope and adequacy of our internal auditing program.

Based on the reviews, reports and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, that our audited consolidated financial statements for the year ended December 31, 2012 and management's assessment of the effectiveness of our internal control over financial reporting be included in our Annual Report on Form 10-K for the year ended December 31, 2012, for filing with the SEC. The Audit Committee has selected, and the Board of Directors has approved, subject to stockholder ratification, the selection of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2013.

Submitted by the Audit Committee of the Board of Directors.

Members of the Audit Committee

Ann D. Rhoads (Chair)
Daniel T. Lemaitre
Robert W. Liptak

The above Audit Committee Report does not constitute soliciting material, and shall not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended (the "Securities Act"), or the Exchange Act, except to the extent that we specifically incorporate the Audit Committee Report by reference therein.

PROPOSAL 2

RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee of our Board of Directors has selected KPMG LLP, an independent registered public accounting firm, to audit our books and financial records for the fiscal year ending December 31, 2013. We are asking our stockholders to ratify the appointment of KPMG LLP as our independent registered public accounting firm for 2013.

KPMG LLP has audited our financial statements since 2005. A representative of KPMG LLP is expected to be present at the Annual Meeting. The representative will have an opportunity to make a statement if he or she desires to do so and will be available to respond to appropriate questions.

The ratification of our independent registered public accounting firm by our stockholders is not required by law or our bylaws. However, the Audit Committee believes it is good corporate practice to submit the selection of our independent registered public accounting firm to the stockholders for ratification. If the stockholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain KPMG LLP. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and our stockholders.

Fees Paid to the Independent Registered Public Accounting Firm

The following table represents aggregate fees billed to us for the fiscal years ended December 31, 2012 and December 31, 2011 by KPMG LLP.

	<u>2012</u>	<u>2011</u>
Audit Fees ⁽¹⁾	\$1,297,041	\$557,850
Tax Fees ⁽²⁾	13,925	242,154
All Other Fees ⁽³⁾	1,650	—
Total Fees	\$1,312,616	\$800,004

- (1) Fees for audit services billed in 2012 and 2011 consisted of fees for (a) the audit of our annual financial statements, (b) reviews of our quarterly financial statements, (c) comfort letters, consents and other services related to the filing of our registration statements, including our Registration Statement on Form S-1 related to our initial public offering and our Registration Statement on Form S-8, (d) reviews of certain of our current reports, and (e) accounting consultations and audit services for certain of our foreign subsidiaries.
- (2) Fees for tax services billed in 2012 and 2011 consisted of tax compliance and tax planning and advice.
- (3) Fees for all other services billed in 2012 consisted of the subscription fee for an accounting research tool.

All fees described above were approved by the Audit Committee.

In considering the nature of the services provided by KPMG LLP, the Audit Committee determined that such services are compatible with the provision of independent audit services. The Audit Committee discussed these services with KPMG LLP and our management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the SEC to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

In connection with the audit of the 2012 financial statements, we entered into an engagement agreement with KPMG LLP which sets forth the terms by which KPMG LLP will perform audit services for us. That agreement is subject to alternative dispute resolution procedures.

Pre-Approval Policies and Procedures

Consistent with SEC policies regarding auditor independence, the Audit Committee is responsible for appointing, setting compensation and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent registered public accounting firm.

Before engaging the Company's independent registered public accounting firm, management must submit a request for approval to the Audit Committee, which reviews such request and approves or declines to approve it. The Audit Committee may delegate pre-approval

authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decision to the Audit Committee at its next scheduled meeting.

Vote Required

The affirmative vote of a majority of the issued and outstanding shares entitled to vote and represented at the Annual Meeting in person or by proxy will be required to approve the ratification of the appointment of the Company's registered public accounting firm.

The Audit Committee and the Board of Directors recommends a vote FOR the ratification of the Board of Directors' appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2013.

PROPOSAL 3

ADVISORY VOTE ON COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS (“Say-on-Pay Vote”)

Although we are not currently subject to the requirements of Section 14A(a) of the Exchange Act, we are nonetheless seeking a non-binding advisory vote from our stockholders to approve a resolution relating to the compensation of our “named executive officers” as disclosed in this Proxy Statement under the heading “Executive Compensation.” Since the required vote is advisory, the result of the vote is not binding upon the Board of Directors.

Our compensation philosophy is centered on our goal of establishing and maintaining an executive compensation program, which applies to all of our named executive officers, that attracts proven, talented leaders who possess the skills and experience necessary to achieve our strategic goals and to create value for our stockholders. Further, our executive compensation program is weighted towards performance-based compensation such that our executive officers will see returns that are correlated to returns realized by our stockholders.

We evaluate and reward our executive officers, generally on an annual basis, based upon the realization of our corporate objectives, including sales, and the individual contributions of each executive officer towards these objectives. Our Compensation Committee considers a variety of objective and subjective performance criteria for setting the compensation levels for each of our executive officers and also considers what it believes to be market standards for compensation paid to similarly-situated executives at other comparable companies. We make decisions about our executive officers' salary increases and the amount of annual cash bonus payments primarily based on company performance, but we also consider individual performance when appropriate.

The compensation packages for our executive officers generally include a base salary, annual cash bonus payments, stock option awards and other benefits. In addition, our equity compensation plans provide our named executive officers and all other optionees with acceleration of vesting of stock options upon either a change of control or a termination of employment in connection with a change in control, depending on the specific plan under which the options were granted and if our acquiror does not assume or replace the awards under our equity compensation plans. In limited circumstances, we will provide severance payments to certain of our named executive officers upon their termination of employment.

Our Compensation Committee does not rely strictly on formulaic guidelines for determining the relative mix or levels of cash and equity-based compensation for our executive officers; instead, it maintains a flexible compensation program that allows it to adapt components and levels of compensation to motivate and reward individual executives within the context of our desire to attain specific strategic and financial goals.

The Compensation Committee has and will continue to take action to structure our executive compensation practices in a manner that is performance-based with a view towards maximizing long-term stockholder value. Our Board of Directors believes that the executive compensation as disclosed under the heading “Executive Compensation” in this Proxy Statement coincides with our compensation philosophy.

We are asking our stockholders to indicate their support for our named executive officer compensation as described in this Proxy Statement under the heading “Executive Compensation” by casting a non-binding advisory vote “FOR” the following resolution:

“RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including the compensation tables and narrative discussion, is hereby APPROVED.”

Effect of Proposal

The above say-on-pay resolution is non-binding. The approval or disapproval of this proposal by stockholders will not require the Board of Directors or the Compensation Committee to take any action regarding our executive compensation practices.

The Board of Directors values the opinions of our stockholders as expressed through their votes and other communications. Although the resolution is non-binding, the Board of Directors will consider the outcome of the advisory vote on executive compensation when making future compensation decisions.

The Board of Directors recommends a vote FOR the approval, on an advisory basis, of the compensation paid or to be paid to our named executive officers as described in the tabular disclosures and narrative executive compensation disclosures in this Proxy Statement as required by the SEC.

PROPOSAL 4

ADVISORY VOTE ON THE FREQUENCY OF AN ADVISORY VOTE ON THE COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS (“Frequency Vote”)

Although we are not currently subject to the requirements of Section 14A(a) of the Exchange Act, we are submitting for stockholder vote a non-binding resolution to determine whether the advisory stockholder vote on executive compensation shall occur every one, two, or three years.

After consideration of the various arguments supporting each frequency level, the Board of Directors believes that submitting the advisory vote on executive compensation to stockholders on an annual basis is appropriate for the Company and our stockholders at this time.

Our stockholders have four choices (every one, two, or three years, or abstain). Stockholders are not voting to approve or disapprove the Board of Directors' recommendation.

Effect of Proposal

The Frequency Vote is non-binding. Stockholder approval of a one-, two-, or three-year frequency vote will not require us to implement an advisory vote on executive compensation every one, two, or three years. The final decision on the frequency of the advisory vote on executive compensation remains with the Board of Directors and/or its committees.

The Board of Directors values the opinions of our stockholders as expressed through their votes and other communications. Although the resolution is non-binding, the Board of Directors and the Compensation Committee will consider the outcome of the Frequency Vote when making future decisions regarding the frequency of say-on-pay votes.

The Board of Directors recommends that you vote, on an advisory basis, for future stockholder advisory votes on executive compensation to be held every ONE YEAR.

EXECUTIVE COMPENSATION

The discussion below includes a review of our compensation decisions with respect to 2012 for our “named executive officers,” including our principal executive officer, our principal financial officer, and our two other most highly compensated executive officers. Our named executive officers for 2012 were:

- David C. Paul, who currently serves as our Chairman and Chief Executive Officer and is our principal executive officer;
- David M. Demski, who currently serves as our President and Chief Operating Officer, and was our principal financial officer from June 7, 2011 until January 3, 2012;
- Richard A. Baron, who currently serves as our Senior Vice President and Chief Financial Officer, and has been our principal financial officer since January 3, 2012; and
- A. Brett Murphy, who currently serves as our Executive Vice President, U.S. Sales.

Compensation Overview

Our business is highly competitive, and competition presents an ongoing challenge to our success. Our ability to compete and succeed in this environment is directly dependent on our ability to recruit, retain and motivate talented and skilled individuals to form our executive team. Our compensation philosophy is centered on our goal of establishing and maintaining an executive compensation program that attracts proven, talented leaders who possess the skills and experience necessary to achieve our strategic goals and to create value for our stockholders. Further, our executive compensation program, which applies to all of our named executive officers, is weighted towards performance-based compensation such that our executive officers will see returns that are correlated to returns realized by our stockholders. The decisions with respect to our executive compensation remain subject to the discretion of our Compensation Committee. Our Compensation Committee does not rely strictly on formulaic guidelines for determining the relative mix or levels of cash and equity-based compensation for our executive officers; instead, it maintains a flexible compensation program that allows it to adapt components and levels of compensation to motivate and reward individual executives within the context of our desire to attain specific strategic and financial goals.

The compensation packages for our executive officers, including our named executive officers, generally include a base salary, annual cash bonus payments, stock option awards and other benefits. In addition, our equity compensation plans provide our executive officers and all other optionees with acceleration of vesting of stock options upon either a change of control or a termination of employment in connection with a change in control, depending on the specific plan under which the options were granted and if our acquiror does not assume or replace the awards under our equity compensation plans. In limited circumstances, we will provide severance payments to certain of our named executive officers upon termination of their employment.

We evaluate and reward our executive officers, generally on an annual basis, based upon the realization of our corporate objectives, including sales, and the individual contributions of each executive officer towards these objectives. Our Compensation Committee considers a variety of objective and subjective performance criteria for setting compensation levels for each of our executive officers and also considers what it believes to be market standards for compensation paid to similarly-situated executives at other comparable companies. We make decisions about our executive officers' salary increases and the amount of annual cash bonus payments primarily based on company performance, but we also consider individual performance when appropriate. Individual factors we consider in compensation determinations include an executive's skills and capabilities, contributions as a member of the executive management team, contributions to our overall performance, and the sufficiency of total compensation potential and structure to ensure the retention of an executive when considering the compensation potential that may be available elsewhere.

In the fall of 2011, the Compensation Committee engaged an independent compensation consultant, Radford, to review and assess our executive compensation program relative to market compensation practices. Specifically, the Compensation Committee asked Radford to provide data for the establishment of a peer group of companies to serve as a basis for assessing our executive compensation program relative to those of the peer group to determine whether any changes may be appropriate. The companies in this peer group are listed below.

Align Technology	Analogic	ArthroCare	CONMED Corporation
Cooper Companies	Cyberonics	Gen-Probe	Haemonetics
ICU Medical	Illumina	Integra LifeSciences	MAKO Surgical
Masimo	Merit Medical Systems	NuVasive	NxStage Medical
Orthofix International	SonoSite	Thoratec	Volcano
Wright Medical Group	ZOLL Medical		

The assessment Radford conducted reflected that the base salaries for our executive officers, including our named executive officers, in 2011 were below the median salaries for comparable positions within the peer group data but that the target annual cash bonuses for 2011 were such that the total target cash compensation for that year for each of our named executive officers, other than Mr. Paul and Mr. Baron, who was not employed by us in 2011, was above the median total target cash for comparable positions in the peer group. In Mr. Paul's case, the Radford analysis showed that his salary and target annual cash bonus were approximately 25% of the total target cash for comparable positions in the peer group. However, Mr. Paul did not request any adjustment to his compensation as a result of Radford's analysis.

The Compensation Committee has evaluated the independence of Radford and concluded that its work for the Compensation Committee did not raise any conflict of interest.

Based on its review of the Radford analysis, the Compensation Committee determined that our flexible approach to executive compensation was adequate to motivate and retain our executive officers and did not result in excessive pay packages for any of our executive officers. The Compensation Committee therefore elected not to make any material changes to the executive compensation program for 2012.

Key Elements of Our Compensation Program for 2012

We generally pay executive compensation through a combination of base salary, annual cash bonus payments, long-term equity incentives in the form of stock options, and benefits. We do not use specific formulas or weightings in determining the allocation of the various compensation elements. Instead, compensation for each of our executives has been designed to provide a combination of fixed and at-risk compensation that is tied to achievement of our short-term and long-term objectives. We believe that this approach achieves the primary objectives of our compensation program, which are to recruit, retain and properly motivate our executives. The Compensation Committee retains the discretion to increase or decrease the actual amount of any executive officer's annual cash bonus payment based on his or her individual performance during the year.

In 2012, we compensated our named executive officers through a combination of base salary, annual cash bonus payments, long-term equity incentives in the form of stock options, and benefits that included health, vision and dental insurance, paid time-off, life insurance, short-term and long-term disability insurance, 401(k) plan with Company matching contributions, relocation assistance, gym membership reimbursement, mobile telephone reimbursement, and car allowance.

Base salaries in 2012 for our named executive officers, other than Mr. Baron, were increased by five percent over each such named executive officer's 2011 base salary. Since Mr. Baron was not an employee during 2011, his 2012 base salary was determined in accordance with his employment agreement.

In 2012, we focused performance targets on overall Company sales revenue growth. Our Compensation Committee developed a range of possible annual cash bonus amounts that would be payable at various levels of Company sales revenue for 2012. We ultimately achieved worldwide sales revenues of \$386.0 million, an increase of 16.4% over 2011. As a result of this success, each named executive officer, other than Mr. Baron, received an annual cash bonus that was approximately 16.5% greater than the annual cash bonus such executive officer received for 2011. Since Mr. Baron was not an employee during 2011, his 2012 annual cash bonus payment was determined with respect to his target annual cash bonus set forth in his employment agreement, and he became eligible to receive an annual cash bonus that was approximately 16.5% greater than that target annual cash bonus amount. In addition, the Compensation Committee granted a discretionary increase in Mr. Baron's annual cash bonus payment in recognition of his efforts towards our initial public offering during 2012.

In 2012, all of our named executive officers also received options to purchase shares of our common stock. See "Outstanding Equity Awards as of December 31, 2012" below, for a description of those stock option awards. All equity awards to our named executive officers were granted at no less than the fair market value of our common stock at the time of the grants, as determined by our Board of Directors.

Summary Compensation Table

The following table sets forth summary compensation information for our named executive officers for the fiscal years ended December 31, 2012 and December 31, 2011. The table below includes all compensation paid by the Company to the named executive officers for services rendered in 2012 and 2011.

Employment Agreements

Neither Mr. Paul nor Mr. Demski is a party to an employment agreement with the Company. A description of employment agreements with Messrs. Baron and Murphy is set forth below.

Mr. Baron's Employment Agreement

On January 3, 2012, we entered into an executive employment agreement with Mr. Baron, our current Senior Vice President and Chief Financial Officer. Mr. Baron's employment remains "at will," meaning that his employment may be terminated by either party for any or no reason at any time. The agreement provides for a 2012 base salary of \$320,000 and a monthly car allowance. Mr. Baron was also eligible to earn a cash incentive bonus in 2012 of approximately \$145,000, by meeting certain company and individual performance targets. Both the base salary and cash incentive bonus are subject to adjustment from time to time in the sole discretion of the Company.

Mr. Baron is entitled to receive his base salary for 12 months and continued coverage under the Company's group health, dental and vision plans for a period of 12 months in the event we terminate his employment without cause or in connection with a change of control or if he resigns for good reason. All severance payments are conditioned on Mr. Baron signing a general release of claims against the Company. If Mr. Baron resigns from the Company without good reason, he will not be entitled to these severance benefits. Additionally,

Mr. Baron will not be entitled to these severance payments if we terminate his employment for cause, if he dies or becomes disabled, or in the event of the Company's bankruptcy, liquidation, dissolution, or discontinuance of business. Under Mr. Baron's employment agreement, "good reason" is defined as (i) a materially adverse change or material diminution in the office, title, duties, powers, authority or responsibilities of Mr. Baron, (ii) our failure to pay his base salary or a bonus that has become due and payable, (iii) a material reduction in his base salary, (iv) a relocation of Mr. Baron's principal worksite of more than 25 miles unless such relocation reduces his commute to such worksite, or (v) a material breach of the employment agreement by the Company; provided in each case that the Company does not correct such reason during a specified cure period. "Change in control" is defined as the sale, liquidation or distribution of all or substantially all of the assets of the Company. "Cause," which will be decided by a majority vote of our Board of Directors, is defined as (i) any material breach of the employment agreement by Mr. Baron, which breach is not corrected during a specified cure period, (ii) his failure to comply with the policies and directives of the Company or the Board of Directors, which failure is not corrected during a specified cure period, (iii) any act of gross negligence or willful misconduct with respect to the Company, including a dishonest or illegal action or other action, (iv) any failure by Mr. Baron to fully disclose any material conflict of interest he may have in a transaction involving the Company if such conflict is materially detrimental to the interest of the Company, or (v) any adverse act or omission that would be required to be disclosed pursuant to securities laws or that would limit our ability to sell securities under any Federal or state law or that would disqualify the Company from any exemption otherwise available to it. Mr. Baron also entered into our no competition and non-disclosure agreement in connection with his employment agreement.

In connection with his appointment, Mr. Baron received a stock option to purchase 92,307 shares of our Class A common stock at an exercise price of \$10.34 per share, which stock option vests over a four-year period. For further information, see "Executive Compensation-Outstanding Equity Awards as of December 31, 2012."

Mr. Murphy's Employment Agreement

In June 2005, we entered into a vice president employment agreement with Mr. Murphy, our current Executive Vice President, U.S. Sales, which we subsequently amended in November 2006 and February 2011. Mr. Murphy's employment remains "at will," meaning that his employment may be terminated by either party for any or no reason at any time. The agreement provided for a base salary of \$275,000 and a monthly car allowance. In November 2011, upon signing a second amendment to his employment agreement, Mr. Murphy received a signing bonus of \$227,248, which we applied to the payment of the outstanding balance of a promissory note from November 2006 between Mr. Murphy and the Company. In connection with his appointment, we also granted Mr. Murphy options to purchase our common stock. For further information, see "Executive Compensation-Outstanding Equity Awards as of December 31, 2012."

Mr. Murphy is entitled to receive his base salary for six months in the event we terminate his employment without cause or if Mr. Murphy resigns for good reason. However, if during those six months, Mr. Murphy secures employment with another individual or entity, we may offset against our payments to Mr. Murphy the amount of any compensation he receives from his subsequent employer during the six-month severance period. All severance payments are conditioned on Mr. Murphy signing a general release of claims against the Company. If Mr. Murphy resigns from the Company voluntarily or without good reason, he is not entitled to these severance payments. Additionally, Mr. Murphy is not entitled to these severance payments if we terminate his employment for cause, if he dies or becomes disabled, or in the event of the Company's bankruptcy, liquidation, dissolution, or discontinuance of business. We may recoup all profits, compensation, commissions, remuneration or benefits that Mr. Murphy directly or indirectly realized as a result of or growing out of or in connection with Mr. Murphy's violation of his employment agreement. Under Mr. Murphy's employment agreement, resignation for good reason is defined as a resignation due to a materially adverse change or material diminution in the office, title, duties, powers, authority or responsibilities of Mr. Murphy, which change or diminution is not corrected during a specified cure period, or our failure to pay his base salary that has become due and payable which is not corrected during a specified cure period. Termination for cause, which will be decided by a majority vote of our Board of Directors, is a termination due to any material breach of the agreement by Mr. Murphy, any failure to diligently and properly perform his duties, his failure to comply with the policies and directives of the Board of Directors which failure is not corrected during a specified cure period, any dishonest or illegal action or other action that is materially detrimental to the interest and well-being of the Company, including to our reputation, any failure by Mr. Murphy to fully disclose any material conflict of interest he may have in a transaction involving the Company if such conflict is materially detrimental to the interest of the Company, or any adverse act or omission that would be required to be disclosed pursuant to securities laws or that would limit our ability to sell securities under any Federal or state law or that would disqualify the Company from any exemption otherwise available to it. In connection with his employment agreement, Mr. Murphy also entered into our no competition and non-disclosure agreement.

Equity Compensation Plans

The following description of each of our equity compensation plans is qualified by reference to the full text of those plans, which were filed with the SEC as exhibits to Amendment No. 1 to our Registration Statement on Form S-1 (File No. 333-180426), filed on May 8, 2012. Our equity compensation plans are designed to continue to give our company flexibility to make a wide variety of equity awards to reflect what the Compensation Committee believes at the time of such award will best motivate and reward our employees, directors, consultants, and other service providers.

Amended and Restated 2003 Stock Plan

Our Amended and Restated 2003 Stock Plan (the “2003 Plan”) was originally adopted by our Board of Directors and approved by our stockholders in July 2006 and amended in July 2007. The 2003 Plan provides for the grant of “incentive stock options,” as defined under Section 422 of the Internal Revenue Code of 1986, as amended (the “Code”), to employees, and for the grant of non-statutory stock options to employees, consultants and non-employee directors. The 2003 Plan also provides for the grant of stock bonuses and rights to purchase shares of our common stock to employees and consultants. A total of 2,769,230 shares of our Class A common stock and 4,153,846 shares of our Class B common stock have been authorized and reserved for issuance under the 2003 Plan. Upon the closing of our initial public offering, each share of Class B common stock issued under the 2003 Plan was converted into one share of our Class A common stock.

The 2003 Plan will terminate automatically in 2013 unless terminated earlier by our Board of Directors. Following the effectiveness of our initial public offering, we have not issued any additional awards under the 2003 Plan; however, all awards previously granted under the 2003 Plan remain outstanding and are administered by our Board of Directors under the terms and conditions of the 2003 Plan.

In the event of a corporate transaction where we are to be consolidated with or acquired by another entity and the acquiror assumes or replaces options granted under the 2003 Plan, options issued under the 2003 Plan will not be subject to accelerated vesting unless provided otherwise by agreement with the optionee, except in the case of a termination of the optionee's service relationship by us or the acquiror, other than for misconduct, or a resignation by the optionee due to certain material negative changes in the terms of the optionee's employment, within 60 days before or 180 days after the corporate transaction, in which case all options held by that optionee will become fully vested and exercisable. In the event of a corporate transaction where the acquiror does not assume or replace options granted under the 2003 Plan, such outstanding options will become fully vested and exercisable immediately prior to, and will terminate upon, the consummation of the corporate transaction.

2008 Stock Plan

Our 2008 Stock Plan (the “2008 Plan”) was adopted by our Board of Directors in December 2008 and approved by our stockholders in January 2009. The 2008 Plan provides for the grant of “incentive stock options,” as defined under Section 422 of the Code, to employees, and for the grant of non-statutory stock options, stock bonuses and rights to purchase shares of our common stock to employees, consultants and non-employee directors. A total of 3,037,746 shares of our Class C common stock have been authorized and reserved for issuance under the 2008 Plan.

The 2008 Plan will terminate automatically in 2018 unless terminated earlier by our Board of Directors. Following the effectiveness of our initial public offering, we have not issued any additional awards under the 2008 Plan; however, all awards previously granted under the 2008 Plan remain outstanding and are administered by our Board of Directors under the terms and conditions of the 2008 Plan. Upon the closing of our initial public offering, all shares of Class C common stock were converted into shares of our Class A common stock. As such, shares of Class A common stock now underlie outstanding awards under the 2008 Plan.

In the event of a corporate transaction where we are to be consolidated with or acquired by another entity and the acquiror assumes or replaces options granted under the 2008 Plan, options issued under the 2008 Plan will not be subject to accelerated vesting unless provided otherwise by agreement with the optionee. In the event of a corporate transaction where the acquiror does not assume or replace options granted under the 2008 Plan, such outstanding options will become fully vested and exercisable immediately prior to, and will terminate upon, the consummation of the corporate transaction. In lieu of the acceleration of options in connection with a corporate transaction, however, we may instead cancel the outstanding options in exchange for cash payments per share underlying each option equal to the amount per share of common stock to be paid in connection with the corporate transaction and the exercise price per share of such option.

2012 Equity Incentive Plan

Our 2012 Equity Incentive Plan (the “2012 Plan”) was adopted by our Board of Directors on March 13, 2012, and approved by our stockholders on June 8, 2012. We adopted the 2012 Plan to promote the success and enhance the value of the Company by linking the individual interests of non-employee directors, employees and consultants to those of our stockholders and by providing such individuals with an incentive for outstanding performance in generating superior returns to our stockholders. The 2012 Plan provides flexibility to the Company in its ability to motivate, attract and retain the services of non-employee directors, employees, and consultants upon whose judgment, interest and special efforts the successful conduct of the Company's operation is largely dependent.

The 2012 Plan provides for the grant of “incentive stock options,” as defined in Section 422 of the Code to employees, and for the grant of non-qualified stock options, restricted stock, restricted stock units, stock appreciation rights, stock payments and performance awards, including performance stock units, to employees, consultants and non-employee directors.

Under the terms of the 2012 Plan, the aggregate number of shares of common stock that may be subject to options and other awards is equal to the sum of (1) 3,076,923 shares of Class A common stock, (2) any shares available for issuance under the 2008 Plan as of March 13, 2012, (3) any shares underlying any award outstanding under the 2008 Plan as of March 13, 2012 that, on or after that date, is forfeited, terminates, expires, or lapses for any reason, or is settled for cash without the delivery of shares, and (4) an annual increase in the number of shares available under the 2012 Plan equal to up to 3% of the number of shares of Company common and preferred stock outstanding at the end of the previous year, as determined by the Board of Directors. The number of shares that may be issued or transferred pursuant to incentive stock options under the 2012 Plan is limited to 10,769,230 shares. The shares of Class A common stock covered by the 2012 Plan are authorized but unissued shares, treasury shares or common stock purchased on the open market.

In the event of a merger or consolidation, the sale or exchange of all of our common stock, the sale, transfer or disposition of all or substantially all of our assets, or our liquidation or dissolution, or a “change in control” (as defined in the 2012 Plan), the administrator may take one or more of the following actions with respect to outstanding awards, as appropriate:

- provide for the assumption or substitution of the awards;
- cancel the award if no amount would have been attained upon exercise of the award or realization of the participant's rights;
- accelerate the awards in whole or in part;
- cash out the awards;
- make adjustments in the number and kind of shares subject to outstanding awards;
- convert the awards into the right to receive liquidation proceeds;
- provide that the award cannot vest, be exercised or become payable after such event; or
- any combination of the above.

Our Board of Directors may terminate, amend, or modify the 2012 Plan at any time. However, stockholder approval is required to increase the aggregate share limit, change the description of eligible participants, or to the extent necessary to comply with applicable law.

The term of the 2012 Plan will expire on March 13, 2022.

Tax withholding

We may require participants to discharge applicable withholding tax obligations with respect to any award granted to the participant. The administrator may in its discretion allow a holder to meet any such withholding tax obligations by electing to have us withhold shares of common stock otherwise issuable under any award (or allow the return of shares of common stock) having a fair market value equal to the sums required to be withheld.

Potential Payments Upon Termination or Change in Control

Severance

Our Compensation Committee has decided to provide, in limited circumstances, certain of our named executive officers with severance payments in order to recruit qualified executives and ensure continued dedication, objectivity and stability of our named executive officers in the event of a change in control. Whether we provide severance benefits to our named executive officers depends on when and under what circumstances we hire the executives, the positions they hold and how difficult our Compensation Committee believes it might be or how long our Compensation Committee believes it might take for them to find comparable employment. In the limited circumstances when we do provide severance benefits, the terms of these severance payments are incorporated into the employment agreements of the named executive officers entitled to receive those payments.

In 2012, Messrs. Baron and Murphy were the only named executive officers entitled to severance in the event of a termination of employment. See the description of such severance under “Employment Agreements” above. We did not have a severance policy applicable to executive officers in 2012, and no other named executive officers were guaranteed cash severance payments.

As described under “Executive Compensation-Equity Compensation Plans” above, our equity compensation plans provide our named executive officers and all other optionees with acceleration of vesting of stock options upon termination of employment in connection with a change in control or acceleration of vesting of stock options upon a change of control, depending on the specific plan under which those options were granted and if our acquiror does not assume or replace the awards under our equity compensation plans.

We believe these severance and change in control benefits are an important element of our compensation program for our executive officers and that they assist us in recruiting and retaining talented individuals. The Compensation Committee believes that these benefits are valuable as they address the valid concern that it might be difficult for our named executive officers to find comparable employment in a short period of time in the event of termination or change in control. Our Compensation Committee believes that the prospect of a change in control could be a distraction to an executive officer and could cause an executive officer to consider alternative employment opportunities at a time when the executive's continued service might be crucial to the Company and to our stockholders' best interests.

Equity Awards

In the event of a corporate transaction where we are to be consolidated with or acquired by another entity and the acquiror does not assume or replace options granted under our 2003 Stock Plan, all options outstanding under the 2003 Stock Plan will become fully vested and exercisable immediately prior to the consummation of the corporate transaction, and such outstanding options will terminate upon the consummation of the corporate transaction.

In addition, in the event of such a corporate transaction where the acquiror does assume or replace options granted under our 2003 Stock Plan, if an optionee's service relationship is terminated by us or the acquirer, other than for misconduct, or if the optionee resigns due to certain material negative changes in the terms of the optionee's employment, within 60 days before or 180 days after the corporate transaction, all options held by that optionee will become fully vested and exercisable.

In the event of a corporate transaction where we are to be consolidated with or acquired by another entity and the acquiror does not assume or replace options granted under our 2008 Stock Plan, all options outstanding under the 2008 Stock Plan will become fully vested and exercisable immediately prior to the consummation of the corporate transaction, and such outstanding options will terminate upon the consummation of the corporate transaction. In lieu of requiring the exercise of any options granted under our 2008 Stock Plan prior to termination in connection with a corporate transaction, however, we may instead cancel the outstanding options in exchange for cash payments per share underlying each option equal to the positive difference, if any, in the amount per share of common stock to be paid in connection with the corporate transaction and the exercise price per share of such option.

In the event of a corporate transaction where we are to be consolidated with or acquired by another entity and the acquiror does not assume or replace the equity awards granted under the 2012 Plan, all awards outstanding under our 2012 Plan will become fully vested, exercisable and all forfeiture restrictions will lapse immediately prior to the consummation of the transaction.

Compensation Recovery Policies

The Compensation Committee has not determined whether it would attempt to recover bonuses from our executive officers if the performance objectives that led to the bonus determination were to be restated, or found not to have been met to the extent originally believed by the Compensation Committee. However, as a public company subject to the provisions of Section 304 of the Sarbanes-Oxley Act of 2002, if we are required as a result of misconduct to restate our financial results due to our material noncompliance with any

financial reporting requirements under the federal securities laws, our chief executive officer and chief financial officer may be legally required to reimburse us for any bonus or other incentive-based or equity-based compensation they receive. In addition, we will comply with the requirements of the Dodd-Frank Wall Street Reform and Consumer Protection Act and will adopt a compensation recovery policy once final regulations on the subject have been adopted.

Compensation Committee Report

The Compensation Committee has reviewed and discussed with management the compensation of our named executive officers as disclosed in this Proxy Statement under the heading “Executive Compensation.” Based on this review and discussion, the Compensation Committee has recommended to the Board of Directors that the details of the compensation of our named executive officers be included in this Proxy Statement and incorporated into the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2012.

The above Compensation Committee Report does not constitute soliciting material, and shall not be deemed filed or incorporated by reference into any other Company filing under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate the Compensation Committee Report by reference therein.

Compensation Risk Assessment

The Compensation Committee has evaluated our compensation programs and policies as generally applicable to our employees to ascertain any potential material risks that may be created by the compensation programs. The Compensation Committee concluded that our compensation policies and practices, taken as a whole, are not reasonably likely to have a material adverse impact on our business or our financial condition. The following compensation design features help minimize the incentives for excessive risk-taking:

- our compensation program encourages our employees to remain focused on both our short-term and long-term goals. For example, while our variable cash compensation plans measure performance on an annual basis, our equity awards generally vest over four years, which we believe encourages our employees to focus on our long-term performance;
- we have internal controls over our financial accounting and reporting;
- we include equity compensation as part of the overall compensation mix, ensuring that our compensation program does not over emphasize short-term performance at the expense of long-term value creation; and
- final executive bonus awards are approved by the Compensation Committee and are subject to discretionary increase or decrease by the Compensation Committee if circumstances warrant an adjustment.

TRANSACTIONS WITH RELATED PERSONS

Procedures for Approval of Related-Party Transactions

Our Audit Committee is responsible for reviewing and approving or ratifying any related-party transaction reaching a certain threshold of significance. In the course of its review and approval or ratification of a related-party transaction, the Audit Committee considers, among other things, consistent with Item 404 of Regulation S-K, the following:

- the nature and amount of the related person's interest in the transaction;
- the material terms of the transaction, including, without limitation, the amount and type of transaction; and
- any other matters the Audit Committee deems appropriate.

Any member of the Audit Committee who is a related person with respect to a transaction under review will not be permitted to participate in the deliberations or vote respecting approval or ratification of the transaction. However, such director may be counted in determining the presence of a quorum at a meeting of the Audit Committee that considers the transaction.

Related Person Transactions

Since 2005, we have contracted with a third-party supplier that manufactures certain products for us. Certain members of our senior management, including Mr. Demski, an immediate family member of Mr. Paul, and an immediate family member of Mr. Davidar, collectively own a significant percentage of the outstanding stock of the supplier, and the two immediate family members of Messrs. Paul and Davidar serve as directors of the supplier. We purchase products and services from the supplier from time to time pursuant to a standard Supplier Quality Agreement entered into on an arm's-length basis in September 2010. During 2012, we purchased \$20.2 million of products and services from the supplier.

STOCKHOLDER PROPOSALS

Stockholder Proposals for the 2014 Annual Meeting

Stockholders interested in submitting a proposal for inclusion in our proxy statement for next year's annual meeting must do so in compliance with applicable SEC rules and regulations. Under Rule 14a-8 adopted by the SEC, to be considered for inclusion in our proxy materials for our 2014 annual meeting, a stockholder proposal must be received in writing by our Secretary no later than December 26, 2013. If the date of our 2014 annual meeting is moved more than 30 days before or after the anniversary date of this year's meeting, the deadline for inclusion of proposals in our proxy statement will instead be a reasonable time before we begin to print and mail our proxy materials next year. Any such proposals will also need to comply with the various provisions of Rule 14a-8, which governs the basis on which such stockholder proposals can be included or excluded from Company-sponsored proxy materials.

If a stockholder desires to submit a proposal for consideration at the 2014 annual meeting, but not have the proposal included with our proxy solicitation materials relating to the 2014 annual meeting, the stockholder must comply with the procedures set forth in our governing documents. Our bylaws require that, for business to be properly brought before an annual meeting by a stockholder, such stockholder must have given timely notice thereof, along with other specified material, in proper written form to the Company. To be timely, a stockholder's notice must be received at the principal executive offices of the Company not less than 50 days and not more than 90 days prior to the date of the annual meeting.

Any stockholder who wishes to make such a proposal should obtain a copy of the bylaws, which contain these and other requirements with respect to stockholder proposals and director nominations, including certain information that must be included concerning the stockholder and each proposal and nominee. Our bylaws were filed with the SEC as an exhibit to our Registration Statement on Form S-1, filed on March 28, 2012, and can be viewed by visiting our investor relations website at www.globusmedical.com. You may also obtain a copy by writing to Anthony L. Williams, our Secretary, at Globus Medical, Inc., Valley Forge Business Center, 2560 General Armistead Avenue, Audubon, PA 19403, Attention: Legal Department.

Stockholder Nominations and Recommendations of Director Candidates

Our bylaws describe the procedures for stockholders to follow in nominating candidates to our Board of Directors. For our 2014 annual meeting of stockholders, stockholders may nominate a candidate for election to our Board of Directors by sending written notice to our Secretary at our principal office not less than 50 days and not more than 90 days prior to the date of the annual meeting. The notice to our Secretary must contain or be accompanied by the information required by Section 2.14 of our bylaws, which includes, among other things: (i) the name, age, business address and residence address of each person nominated; (ii) the class, series and number of any shares of common stock of the Company beneficially owned or owned of record by such person; (iii) the date or dates such shares were acquired and the investment intent of such acquisition; and (iv) all information relating to such person that is required to be disclosed in solicitations of proxies for elections of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act, including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected.

Any notice of a stockholder proposal that is received after the dates specified above will be considered untimely.

All proposals and recommendations should be addressed to Anthony L. Williams, our Secretary, at Globus Medical, Inc., Valley Forge Business Center, 2560 General Armistead Avenue, Audubon, PA 19403, Attention: Legal Department.

ELECTRONIC ACCESS TO PROXY MATERIALS AND ANNUAL REPORT ON FORM 10-K

Stockholders can access this Proxy Statement and our Annual Report on Form 10-K via the Internet at www.proxyvote.com. Copies of these materials may be obtained without charge by writing to Globus Medical, Inc., Valley Forge Business Center, 2560 General Armistead Avenue, Audubon, PA 19403, Attention: Investor Relations.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for Notices of Internet Availability of Proxy Materials or other Annual Meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials or other Annual Meeting materials addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders will be “householding” our proxy materials. A single Notice of Internet Availability of Proxy Materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Notice of Internet Availability of Proxy Materials, please notify your broker or us. You can make an online request by contacting our Investor Relations Department by mail at 2560 General Armistead Avenue, Audubon, PA 19403 Attention: Investor Relations. Stockholders who currently receive multiple copies of the Notices of Internet Availability of Proxy Materials at their addresses and would like to request “householding” of their communications should contact their brokers.

OTHER MATTERS

The Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

By Order of the Board of Directors,
