### Safe Harbor Statements

All statements included in this press release other than statements of historical fact are forward-looking statements and may be identified by their use of words such as "believe," "may," "might," "could," "will," "aim," "estimate," "continue," "anticipate," "intend," "expect," "plan" and other similar terms. These forward-looking statements are based on our current assumptions, expectations and estimates of future events and trends. Forward-looking statements are only predictions and are subject to many risks, uncertainties and other factors that may affect our businesses and operations and could cause actual results to differ materially from those predicted. These risks and uncertainties include, but are not limited to, the risks and costs associated with the integration of the Nevro business, trends in the medical industry and the ability of Globus Medical and Nevro to: (i) successfully integrate and achieve anticipated synergies, (ii) manage our growth, (iii) sustain profitability, (iv) sustain demand for products, (v) compete successfully (including without limitation success in convincing surgeons to use Globus Medical or Nevro products and the ability to attract and retain sales and other personnel), (vi) rapidly develop and introduce new products, (vii) develop and execute successful business strategies, (viii) comply with changes and applicable laws and regulations that are or may become applicable to Globus Medical and/or Nevro, (ix) safeguard our intellectual property, and (x) succeed in defending against legal proceedings in addition to general economic conditions and other risks. For a discussion of these and other risks, uncertainties and other factors that could affect our results, refer to the disclosure of each of Globus Medical and Nevro contained in each company's most recent annual report on Form 10-K filed with the U.S. Securities and Exchange Commission, including the sections labeled "Risk Factors" and "Cautionary Note Concerning Forward-Looking Statements," and in each company's Forms 10-Q, Forms 8-K and other filings with the U.S. Securities and Exchange Commission. These documents are available at [www.sec.gov](http://www.sec.gov). Moreover, both Globus Medical and Nevro operate in an evolving environment. New risk factors and uncertainties emerge from time to time, and it is not possible for Globus Medical and Nevro to predict all risk factors and uncertainties, nor can we assess the impact of all factors on the Globus Medical business and Nevro business, respectively, or the extent to which any factor, or combination of factors, may cause actual results to differ materially from those contained in any forward-looking statements. Given these risks and uncertainties, readers are cautioned not to place undue reliance on any forward-looking statements. Forward-looking statements contained in this press release speak only as of the date of this press release. Globus Medical and Nevro undertake no obligation to update any forward-looking statements as a result of new information, events or circumstances or other factors arising or coming to our attention after the date hereof.
